## BOARD OF APPEALS - SITE PLAN REQUIREMENTS

### **PLEASE NOTE:**

The Dalton Board of Appeals, "Rules and Regulations to the issuance of special permits," requires a "site plan drawn to scale with clearly defined dimensions indicating the location, size and height of the proposed building(s), site improvements, and containing such other information as may be required by the Board."

### **THE BOARD REQUIRES SITE PLANS TO SHOW THE FOLLOWING:**

- ☐ Site plan drawings to scale (*see above*)
- ☐ Lot dimensions (*may be obtained at the Assessor's Office*)
- ☐ Street name(s) abutting the subject property
- ☐ Lot or building street number(s) (*may be obtained at the Assessor's Office*)
- ☐ Zoning District, in which subject property is located
- ☐ Abutting uses
- ☐ Existing and/or proposed buildings **with dimensions**
- ☐ Driveway(s) and Parking spaces
- ☐ Screening or landscaping required for parking (*See Zoning By-law, 350-40: Off Street Parking*)
- ☐ Exterior lighting, if any
- ☐ Signs, if any
- ☐ Other information you believe would be helpful or necessary

Site plan(s) meeting the above requirements shall be filed with the Town Clerk along with the Application to the Board so as to provide this information to other municipal Boards for review, who, by law, may make recommendations on your petition.

Site plan(s) prepared by a Massachusetts Registered Land Surveyor may be required.

Site plans are important and, diligently prepared, may eliminate a zoning issue at a later date, and/or facilitate the transfer of property.

The Board will provide limited guidance to assist you.
